Dear Ms. Vu Hai Van,

Many thanks for your email and the update.

Regarding point 1, we confirm our agreement with the budget items, cost norms, and notes reflected in Annex B, in view of the small-scale funding for this pilot project in Con Co Island, Viet Nam.

Regarding point 2, considering the administrative challenges, we could accommodate an extension of the project implementation period **until 30 August 2026**. In that case, we would kindly request that all project deliverables, including the financial report and progress report, be submitted **by 15 September 2026** at the latest.

If helpful, we would also be happy to join a call to discuss this further. Kindly let me know your availability.

Thank you!

Best regards,

Hyunjeong
